The Shadows
"The Best Of The Shadows"
Gold Club Eve (Poland) CECD 36-2
Released 1998

Apache / Man Of Mystery / The Frightened City / Guitar Tango / Kon-Tiki / Foot Tapper (single version) / *Genie With The Light Brown Lamp / The War Lord* (mono) / *A Place In The Sun / Midnight / 36-24-36 / Atlantis / Wonderful Land* (mock stereo version) / *FBI / The Savage / Geronimo / Shindig / Stingray / Theme For Young Lovers / The Rise And Fall Of Flingel Bunt / Maroc 7 / Dance On! / The Stranger / Peace Pipe / Stars Fell On Stockton / The Boys* (mono)

Not bad at all by Polish standards: a good selection of A and B sides from the period 1960–1967 along with *The Boys*. It's a great pity though that *Foot Tapper* isn't in mono and *Wonderful Land* in proper stereo; and *The Boys* sounds a bit too recessed.

Never mind, you also get for your money a page in Polish about the history of the group by Pierre Richard.
