CD CATALOGUE 1: CHRONOLOGICAL LISTINGS

The following CDs, listed alphabetically under year of release, originate from:

- EMI & licensees [unlabelled]
- Polydor/ PolyGram (later: Universal) & licensees [single asterisk: *]
- EMI + Polydor etc. together [double asterisk: **]

UK issues are given first, then issues from other countries. Months of release are provided where they can be ascertained with absolute or reasonable certainty. For some discs from overseas markets the datings we offer will be on the late side, since such product, especially when it stems from minor labels, will often come to the discographer's attention some while after actual release, with no reliable means to hand of tracing it back to the source. For items deliberately excluded from this list see the Introduction to CD Catalogue 2, pp.82-84.
